

ADDRESS: Department of Integrative Biology - Patterson Building - 2415 Speedway - Austin, TX, 78712
E-MAIL: crmorrison@utexas.edu PHONE: (702) 378-2832

Curriculum Vitae

Colin Richard Morrison

Education

- 2008 – 2012 **University of Nevada, Reno** Reno, Nevada
Bachelor of Science – Biology, *Minor*: Political Science - Foreign Affairs
- 2017 – Present **The University of Texas at Austin** Austin, Texas
PhD Student, 2nd year – Department of Integrative Biology - Program in Ecology, Evolution and Behavior
Major Advisor: Dr. Lawrence Gilbert

Research Experience

Laboratory Technician, Department of Biology, University of Nevada, Reno

- Chemical Ecology, Tropical Entomology & Biodiversity Laboratory. Supervisor: Dr. Lee Dyer
- N.S.F./Earthwatch/D.O.D. funded research on ecology and evolution of plant insect chemical ecology, biodiversity, and tropical entomology.
 - Curation of the laboratory research Lepidoptera and parasitoid collections.
 - March, 2011 – June, 2015.

Laboratory Technician, Department of Biology, University of Nevada, Reno

- Marine Ecosystems Analysis Laboratory. Supervisor: Dr. Jeffrey Baguley
- B.P./N.O.A.A. funded research on effects of Deepwater Horizon Oil Spill on benthic community of the Gulf of Mexico.
 - E.P.A. funded research on ecotoxicology of anthropogenic chemical flow into marine ecosystems.
 - Trout Unlimited funded research of benthic infauna and invasive species ecology of Lake Tahoe.
 - US Fish and Wildlife Service funded research on benthic community ecology of Gulf of Alaska.
 - January, 2011 – June, 2015.

Guest Student, Department of Geology and Geophysics, Woods Hole Oceanographic Institution

- Bernhard Laboratory and Edgcomb Laboratory. Advisors: Dr. Joan Bernhard, Dr. Virginia Edgcomb
- N.S.F. funded research on biodiversity of deep hypersaline anoxic brines (DHABs).
 - Science Party, R/V *Atlantis* Research Cruise AT 18-14, 11/25/11 – 12/8/2012, Piraeus, Greece to Piraeus, Greece.
 - May, 2012 – August, 2012, DHAB data analysis at Woods Hole Oceanographic Institution.

Forestry Technician, Department of Biology, University of Nevada, Reno

- Whittell Forest and Wildlife Area - Little Valley Field Station (UNR). Supervisor: Dr. Stephen Vander Wall
- Conservation, forestry and maintenance of Whittell Forest and Wildlife Area/Little Valley Field Station (Carson Range, NV).
 - June 2011 – June, 2015.

Curatorial Assistant, Department of Biology, University of Nevada, Reno

- UNR, Museum of Natural History. Supervisors: Dr. Elizabeth Leger & Dr. Chris Feldman
- Curation of museum insect collection, collections database management.
 - Exhibitry setup and publish outreach.
 - November 2013 – December, 2015.

Short-Term Fellow, Smithsonian Tropical Research Institute, Panama City

Gamboa, Panama. Advisor: Dr. Donald Windsor

- Herbivore diet breadth, host plant defensive chemistry and natural enemies interactions.
- Preference and performance of the specialist herbivore: *Chelymorpha alternans*
- Sexual selective patterns amongst disparate phenotypes and genotypes of *Chelymorpha alternans*.
- June, 2015 – December, 2015

Predocctoral Fellow, Smithsonian Tropical Research Institute, Panama City

Gamboa, Panama. Advisor: Dr. William Owen McMillan

- Chemical ecology of mate choice in *Heliconius* butterflies.
- *Heliconius* phenotypic evolution following CRISPR/Cas9 genome editing procedures.
- Herbivore diet breadth, host plant defensive chemistry and natural enemies interactions.
- Preference, performance, chemistry, and trophic natural enemy interactions of specialist herbivores.
- December, 2015 – November, 2016.

Teaching Experience

Teaching Assistant – University of Nevada, Reno

- Entomology (Biology 437), Spring 2013 & 2014
 - Professors: Dr. Lee Dyer

Guest Lecturer – Smithsonian Tropical Research Institute

- Introductory Tropical Field Biology (aka Gigante Course), Fall 2015
 - Professors: Sabrina Amador & James Coronado Riviera
- Yale Tropical Biology Course, Entomology Section, Spring 2016
 - Professor: Eliza Comita

Teaching Assistant – University of Nevada, Las Vegas

- Aikido (PEX 115), Fall 2016 & Spring 2017
 - Professor: Don Bannai

Teaching Assistant – The University of Texas at Austin

- Introduction to Cell & Molecular Biology (BIO 311C), Fall 2017
 - Professor: Dr. Jennifer Frtitz
- Freshman Research Initiative - Biodiversity (BIO 206L/NSC 109), Spring 2018
 - Professor: Dr. Susan Cameron Devitt

Course Facilitator – The University of Texas at Austin

- Fundamentals of Ecology (BIO 390E), Fall 2018
 - Co-facilitated this course with Nicholas Ivers & Whitney Behr under supervision of Dr. Tim Keitt

Talks

Smithsonian Tropical Research Institute – Behavioral Discussion Group October 5th, 2015

Smithsonian Tropical Research Institute – Fellows Symposium February 19th, 2016

UT Ecolunch Seminar Series – November 2nd, 2017

Entomological Society of America – 10 Minute Paper Graduate Student Competition November 6th, 2017

UT Integrative Biology – Graduate Research Symposium April 7th, 2018

UT Ecolunch Seminar Series – October 31st, 2018

UT Science Under the Stars Public Lecture Series – “Chemistry is the Language of Life” November 8th, 2018

Entomological Society of America – 10 Minute Paper Graduate Student Competition November 11th, 2018

Peer Review and Professional Service

Annals of the Entomological Society (2014 – present)

National Geographic Society (2016 – present)

Environmental Entomology (2018 – present)

Symposium Moderator, Annual Fellows Symposium – Smithsonian Tropical Research Institute (February 2016)

Symposium Moderator, 10 TMP Pollinator Health – Entomology Joint Annual Meeting (November 2018)

Fellowship, Scholarships and Awards Received

Eagle Scout Award, Boy Scouts of America, Las Vegas, NV USA

- 2008

Millennium Scholar, University of Nevada, Reno, NV USA

- 2008 to 2012 (\$7680)

Pack Pride Scholarship, University of Nevada, Reno, NV, USA

- 2008 to 2010 (\$3,000)

STRI Short-Term Fellowship, Smithsonian Tropical Research Institute, Panama City, Panama

- June 2015 – November 2015 (\$4800)

STRI Pre-doctoral Fellowship, Smithsonian Tropical Research Institute, Panama City, Panama

- December 2015 – November 2017 (\$22,000)

Linda Escobar Award, UT Austin, Austin, TX, USA

- February 2017 (\$1500)

Texas Ecolab Research Grant, Braun & Gresham Associates, Dripping Springs, TX, USA

- Spring 2018 – Fall 2018 (\$11,000)

- Spring 2019 – Fall 2019 (\$8,975)

NSF Graduate Research Fellowship Program, National Science Foundation

- Spring 2018 (Honorable Mention)

UT Summer Research Fellowship, The University of Texas at Austin, Austin, TX, USA

- Summer 2018 (\$6600)

UT Departmental Recruitment Fellowship, The University of Texas at Austin, Austin, TX, USA

- Fall 2018 – Summer 2019 (\$27,000)

NSF LSAMP – REU Mentor Program, National Science Foundation - Organization for Tropical Studies, Costa Rica

- Summer 2019 (\$3600 for La Selva room/board and travel)

Jean Andrews Intern Summer Fellowship – The University of Texas at Austin, Austin, TX, USA

- Summer 2020 (\$6600)

UT Integrative Biology Start Up Grant, The University of Texas at Austin, Austin, TX, USA

- April 2019 (\$1960)

Public Service and Outreach

Earthwatch Institute – “Climate Change and Caterpillars”: Ecuador, Arizona USA, California USA, Florida, USA, Costa Rica; supervising citizen scientist involvement in research projects, data and collection in field and laboratory settings.

Boy Scouts of America – Eagle Scouts: numerous public service projects and community progress events.

STEM Night, Veterans Elementary School – K-12 science outreach events.

Boys and Girls Club - College of Science outreach events.

UNR, Museum of Natural History – community science/natural history outreach events.

Make a Wish Foundation –Smithsonian Tropical Research Institute sponsored experiential learning for those children with debilitating ailments that intend to embark upon careers as entomologists.

Gamboia Discovery School – Why are insects ubiquitous and important?

CHISPA - Smithsonian Tropical Research Institute sponsored experiential learning for at-risk children from Panama.

UT Science Under the Stars – Public outreach series established to expose local Austinites to ongoing graduate research.

Languages

1st Language – **English**

2nd language – **Spanish**

Publications

- Merrill R. M., **Morrison C. R.**, Negazzi S., Crisp R., & McMillan W. O. (*in prep*). Experimental manipulation of *Heliconius* warning patterns reduces harassment of previously mated females.
- Darragh, K., Montejo-Kovacevich, G., Kozak, K. M., **Morrison, C. R.**, Figueiredo, C., Ready, J., Salazar, C., Linares, M., Byers, K. J. R., Merrill, R. M., McMillan, W. O., Schulz, S., & Jiggins, C. D. (*in press*). Species specificity and intraspecific variation in the chemical profiles of *Heliconius* butterflies across a large geographic range.
- Morrison C. R.**, Aubert C., & Windsor D. M. (2019). Variation in Host Plant Usage and Diet Breadth Predict Sibling Preference and Performance in the Neotropical Tortoise Beetle *Chelymormpha alternans* (Coleoptera: Chrysomelidae: Cassidinae), *Environmental Entomology*. nvz005, <https://doi.org/10.1093/ee/nvy194>.
- Morrison C. R.** (2018). Predation of top predators: cane toad consumption of bullet ants in a Panamanian lowland wet forest. *The Journal of Tropical Ecology*. 0, 1-5, <https://doi.org/10.1017/S0266467418000342>.
- Morrison C. R.**, & Windsor D. M. (2017). The life history of the neotropical Tortoise Beetles *Chelymormpha alternans* from the Republic of Panama. *Annals of the Entomological Society of America*, 111(1), 31-41. <https://doi.org/10.1093/aesa/sax075>.
- Darragh K., Vanjari S., Mann F., Gonzalez M. R., **Morrison C. R.**, Salazar C., Pardo-Diaz C., Merrill R. M., McMillan W. O., Schulz S., & Jiggins C. D. (2017). Male sex pheromone components in *Heliconius* butterflies released by the androconia affect female choice. *PeerJ*, e3953. <https://doi.org/10.7717/peerj.3953>.
