

ADDRESS: Department of Integrative Biology - Patterson Building - 2415 Speedway - Austin, TX, 78712

E-MAIL: [crmorrison@utexas.edu](mailto:crmorrison@utexas.edu) PHONE: (702) 378-2832 WEBSITE: [colinmorrison.com](http://colinmorrison.com)

# Colin Richard Morrison

## Education

---

- 2017 – Present **The University of Texas at Austin** Austin, Texas  
Program in Ecology, Evolution and Behavior  
*PhD Candidate, 5<sup>th</sup> year* – Department of Integrative Biology  
*Major Advisor:* Dr. Lawrence Gilbert  
*Committee Members:* Dr. Amelia Wolf, Dr. Brian Sedio, Dr. John Smiley
- 2008 – 2012 **University of Nevada, Reno** Reno, Nevada  
*Bachelor of Science* – Biology, *Minor* – Political Science

## Research Experience

---

### Research Assistant, Integrative Biology Department, The University of Texas at Austin

Invasive Species Laboratory. Supervisors: Dr. Rob Plowes & Dr. Lawrence Gilbert

- Host quality and chemistry of TX native prickly pear cactus (*Opuntia* spp.)
- Chemical ecology of feeding performance *Cactoblastis cactorum* and TX native cactus moth species.
- Integrated pest management of invasive cactus moth (*Cactoblastis cactorum*).
- Invasion ecology of Guinea grass (*Megathyrsus maximus*) in South Texas. Importance of allelopathic inhibition versus shading competition in Guinea grass competitive exclusion of natives.
- August 2019 – Present

### Predoctoral Fellow, Smithsonian Tropical Research Institute, Panama City

Gamboa, Panama. Advisor: Dr. William Owen McMillan

- Chemical ecology of mate choice in *Heliconius* butterflies.
- *Heliconius* phenotypic evolution following CRISPR/Cas9 genome editing procedures.
- Preference, performance, chemistry, and trophic natural enemy interactions of specialist herbivores.
- December 2015 – November 2016.

### Short-Term Fellow, Smithsonian Tropical Research Institute, Panama City

Gamboa, Panama. Advisor: Dr. Donald Windsor

- Herbivore diet breadth, host plant defensive chemistry and natural enemy interactions.
- Preference and performance of the specialist herbivore: *Chelymorpha alternans*
- Sexual selective patterns amongst disparate phenotypes and genotypes of *Chelymorpha alternans*.
- June 2015 – December 2015

### Curatorial Assistant, Department of Biology, University of Nevada, Reno

UNR, Museum of Natural History. Supervisors: Dr. Elizabeth Leger & Dr. Chris Feldman

- Curation of museum insect collection, collections database management.
- Exhibit setup and publish outreach.
- November 2013 – December 2015

**Guest Student, Department of Geology and Geophysics, Woods Hole Oceanographic Institution**

Bernhard Laboratory and Edgcomb Laboratory. Advisors: Dr. Joan Bernhard & Dr. Virginia Edgcomb

- N.S.F. funded research on biodiversity of deep hypersaline anoxic brines (DHABs).
- Science Party, R/V *Atlantis* Research Cruise AT 18-14, 11/25/11 – 12/8/2012, Piraeus, Greece to Piraeus, Greece.
- May 2012 – August 2012 (DHAB data analysis at Woods Hole Oceanographic Institution).

**Forestry Technician, Department of Biology, University of Nevada, Reno**

Whittel Forest and Wildlife Area – Little Valley Field Station (UNR). Supervisor: Dr. Stephen Vander Wall

- Conservation, maintenance of Whittel Forest and Wildlife Area (Carson Range, NV).
- June 2011 – June 2015.

**Laboratory Technician, Department of Biology, University of Nevada, Reno**

Chemical Ecology, Tropical Entomology & Biodiversity Laboratory. Supervisor: Dr. Lee Dyer

- N.S.F./Earthwatch/D.O.D. funded research on ecology and evolution of plant insect chemical ecology, biodiversity, and tropical entomology.
- Curation of the laboratory research Lepidoptera and parasitoid collections.
- March 2011 – June 2015.

**Laboratory Technician, Department of Biology, University of Nevada, Reno**

Marine Ecosystems Analysis Laboratory. Supervisor: Dr. Jeffrey Baguley

- B.P./N.O.A.A. funded research on effects of Deepwater Horizon Oil Spill on benthic community of the Gulf of Mexico.
- E.P.A. funded research on ecotoxicology of anthropogenic chemical flow into marine ecosystems.
- US Fish and Wildlife Service funded research on benthic community ecology of Gulf of Alaska.
- January 2011 – June 2015.

## Teaching Experience

---

### **Teaching Assistant** – The University of Texas at Austin

- Introduction to Cell & Molecular Biology (BIO 311C), Fall 2017
  - Professor: Dr. Jennifer Frtitz
- Freshman Research Initiative - Biodiversity (BIO 206L/NSC 109), Spring 2018
  - Professor: Dr. Susan Cameron Devitt
- Ecology (BIO 373), Spring 2022
  - Professor: Dr. Laura Gonzales

### **Course Facilitator** – The University of Texas at Austin

- Fundamentals of Ecology (BIO 390E), Fall 2018
  - <https://eco-fundamentals.weebly.com/>
  - Designed the course
  - Facilitated course with N. Ivers and W. Behr under supervision of Dr. Tim Keitt

### **Guest Lecturer** – Smithsonian Tropical Research Institute

- Introductory Tropical Field Biology (aka Gigante Course), Fall 2015
  - Professors: Dr. Sabrina Amador & Dr. James Coronado Riviera
- Yale Tropical Biology Course, Entomology Section, Spring 2016
  - Professor: Dr. Eliza Comita

### **Teaching Assistant** – University of Nevada, Reno

- Entomology (Biology 437), Spring 2013 & 2014
  - Professors: Dr. Lee Dyer

### **Teaching Assistant** – University of Nevada, Las Vegas

- Aikido (PEX 115), Fall 2016 & Spring 2017
  - Professor: Sensei Don Bannai

## Talks and Presentations

---

**Ecological Society of America** – Contributed talk (August 2022)

**Texas Master Naturalists, Balcones Canyonlands** – Natural history of Texas passion vine communities (August 2021)

**Native Plant Society of Texas** – Natural history of Texas passion vine communities (December 2021)

**Ecological Society of America** – Late Breaking Poster (August 2020)

**Entomological Society of America** – Poster (November 2020)

**Society for Integrative and Comparative Biology** – Rising Star in Organismal Botany (January 2020)

**Entomological Society of America** – Ten Minute Paper Competition (November 2017, 2018, 2020, and 2022)

**UT Science Under the Stars Public Lecture Series** – Science education (March 2019, October 2020)

**UT Ecology Seminar** – Ecolunch Research Presentation (Spring 2018, Spring 2019, and Spring 2020)

**UT Integrative Biology** – Graduate Research Symposium (April 2018)

**Smithsonian Tropical Research Institute** – Fellows Symposium (February 2016)

**Smithsonian Tropical Research Institute** – Behavioral Discussion Group (October 2015)

## Peer Review and Professional Service

---

**Coleopterists Bulletin** (2019 – present)

**Entomological Extension Consultations** (2018 – present)

**Environmental Entomology** (2018 – present)

**UT Austin Ecolunch Seminar Facilitator** (2018 – 2020)

**Symposium Moderator, 10 TMP Pollinator Health** – Entomology Joint Annual Meeting (November 2018)

**Symposium Moderator, Annual Fellows Symposium** – Smithsonian Tropical Research Institute (February 2016)

**National Geographic Society** (2016)

**Annals of the Entomological Society** (2014)

## Fellowship, Scholarships and Awards Received

---

*Over \$150,000 in grants, scholarships and fellowships awarded over career. Over \$117,000 awarded as a graduate student.*

**UT Integrative Biology Research Award**, The University of Texas at Austin, Austin, TX, USA

- Spring 2021 (\$2,450)
- Fall 2021 (\$2500)

**Stengl-Wyer College of Natural Science Fellowship**, The University of Texas at Austin, Austin, TX, USA

- September 2020 – August 2021 (\$34,000)

**Coleopterists Society Graduate Student Research Enhancement Award**, Coleopterists Society, USA

- May 2020 (\$2,000)

**Jean Andrews Intern Summer Fellowship**, The University of Texas at Austin, Austin, TX, USA

- Summer 2020 (\$6,600)

**Sigma Xi Grant in Aid of Research**, Sigma Xi: The Scientific Research Honor Society, Research Triangle, NC, USA

- January 2020 (\$450)

**UT Integrative Biology Start Up Grant**, The University of Texas at Austin, Austin, TX, USA

- April 2019 (\$1,960)

**NSF LSAMP – REU Mentor Program**, National Science Foundation USA & Organization for Tropical Studies, CR

- Summer 2019 (\$3,600)

**UT Departmental Recruitment Fellowship**, The University of Texas at Austin, Austin, TX, USA

- Fall 2018 – Summer 2019 (\$27,000)

**UT Summer Research Fellowship**, The University of Texas at Austin, Austin, TX, USA

- Summer 2018 (\$6,600)

**NSF Graduate Research Fellowship Program**, National Science Foundation USA

- Spring 2018 (Honorable Mention)

**Texas Ecolab Research Grant**, Braun & Gresham Associates, Dripping Springs, TX, USA

- Spring 2018 – Fall 2018 (\$11,000)
- Spring 2019 – Fall 2019 (\$8,975)
- Spring 2020 – Fall 2020 (\$8,900)

**Linda Escobar Award**, UT Austin, Austin, TX, USA

- February 2017 (\$1,500)

**STRI Pre-doctoral Fellowship**, Smithsonian Tropical Research Institute, Panama City, Panama

- December 2015 – November 2017 (\$22,000)

**STRI Short-Term Fellowship**, Smithsonian Tropical Research Institute, Panama City, Panama

- June 2015 – November 2015 (\$4,800)

**Pack Pride Scholarship**, University of Nevada, Reno, NV, USA

- 2008 to 2010 (\$3,000)

**Millennium Scholar**, University of Nevada, Reno, NV USA

- 2008 to 2012 (\$7,680)

**Eagle Scout Award**, Boy Scouts of America, Las Vegas, NV USA

- 2008

## Public Service and Outreach

---

**UT Austin Development** – Fundraising, scientific communication, and research presentations with potential donors

**Texas Master Naturalists** – Project development consultant. I work with volunteers in designing ecological studies

**UT Science Under the Stars** – Public outreach series established to expose local Austinites to ongoing graduate research.

**Gamboa Discovery School** – Why are insects ubiquitous and important?

**CHISPA - Smithsonian Tropical Research Institute** sponsored experiential learning for at-risk children from Panama.

**Make a Wish Foundation –Smithsonian Tropical Research Institute** sponsored experiential learning for those children with debilitating ailments that intend to embark upon careers as entomologists.

**UNR, Museum of Natural History** – community science/natural history outreach events.

**Earthwatch Institute** – “Climate Change and Caterpillars”: Arizona USA, California USA, Florida, USA, Costa Rica, Ecuador: supervising citizen scientist involvement in research projects, data and collection in field and laboratory settings.

**STEM Night**, Veterans Elementary School – K-12 science outreach events.

**Boys and Girls Club** - College of Science outreach events.

**Boy Scouts of America** – Eagle Scouts: numerous public service projects and community progress events.

## Languages

---

1st Language – **English** (native)

2nd language – **Spanish** (fluent)

## Professional Memberships

---

Ecological Society of America (current)

Entomological Society of America (current)

Coleopterists Society (current)

American Society of Naturalists

Society for Integrative and Comparative Biology

## Mentoring

---

### Undergraduate Mentoring

#### The University of Texas at Austin, Austin, TX, USA

- Chloe Nguyen (Senior Thesis) – Variable *Heliconius* sequestration on different host plants.
- Amelia Nelson (Senior Capstone) – *Heliconius* trade-offs between immune response and sequestration.
- Richard Freeman (Senior Capstone) – Performance of *Heliconius* caterpillars on different host plants.
- Wyatt Armstrong (Research Assistant) – *Passiflora* flea beetle performance, behavior and sequestration.
- Marshall Cahill (Research Assistant) – Performance and immune response of *Heliconius* caterpillars.
- Lauren Hart (Research Assistant) – Nutrient availability and resource allocation by *Passiflora*.

#### Smithsonian Tropical Research Institute, Gamboa Panama

- Clement Aubert (Research Assistant) – Host plant driven variation in tortoise beetle performance.

#### University of Nevada Reno, Reno, NV

- Morgan Ricci (Senior Thesis) – Invasive clam removal operation effects on Lake Tahoe meiofauna.
- Kira Espinoza (Senior Thesis) – Effect of industrial Triclosan on meiofauna communities.

### National Science Foundation REU Program

#### Summer 2022 (InSTInCT), The University of Texas at Austin, Austin TX, USA

- Allison Morales Palomino – biodiversity collections

#### Summer 2019 (LSAMP), Organization for Tropical Studies, La Selva BS, Costa Rica

- Ashlyn Nest – nitrogen fertilization effect on *Passiflora* leaf cyanide production.
- Alana Gipson – *Passiflora* flea beetle and *Heliconius* larvae parasitoid immune response.

#### Summer 2016 (Site Grant), Smithsonian Tropical Research Institute, Gamboa Panama

- David Tian & Sylvia Durkin – CRISPR/Cas9 mutagenesis of *Heliconius* wing traits
